New Laws Affecting Immunizations Beginning January 2016

New Law (SB 277) Effective in 2016

Governor Brown signed Senate Bill (SB) 277 on June 30, 2015. Starting in 2016, SB 277:

- Will no longer permit immunization exemptions based on personal beliefs for children in child care and public and private schools;
- Will permit personal belief exemptions filed at a school or child care facility before January 1, 2016 to remain valid until a pupil reaches kindergarten or 7th grade;
- Will remove immunization requirements for:
 - o Students in home-based private schools
 - o Students enrolled in an independent study program who do not receive classroom-based instruction
 - o Access to special education and related services specified in an individualized education program

Medical Exemptions:

Only a medical exemption can be accepted and this has to be signed exclusively by a California licensed physician (M.D. or D.O.)

A parent or guardian must submit a written statement from a licensed physician (M.D. or D.O.) which states:

- That the physical condition or medical circumstances of the child are such that the required immunization(s) is not indicated.
- Which vaccines are being exempted.
- Whether the medical exemption is permanent or temporary.
- The expiration date, if the exemption is temporary.
- Student name and date of birth.
- Physician signature and clinic stamp.

Once this expiration date has occurred, the child may continue in attendance only after the school or child-care center receives documentation of the immunizations now due.

These above laws will apply to any student entering Kindergarten or 7th Grade in the fall of 2016.
