Welcome to Konstella (JLS Directory)

Dear JLS Parents: Looking to connect with an old friend, or a new parent you just met?

This year, the JLS PTA is using **Konstella** for **electronic Directory** and community messaging. Features include:

- Online directory (search for other parents/students)
- Calendar and announcements, with configurable email alerts
- Event sign-ups
- A mobile app for iPhone and Android, to stay connected while on the go.

In order to use these features, activate your account and create a password. You should have received an email from Konstella (sent to the email address on file in Infinite Campus). Click the "JOIN" button in that email. **(If you opt'd out during your PAUSD Annual Data Update, you are not in Konstella. If you already registered through your elementary school, no action is necessary.)**

Once you've registered, you can configure your privacy settings, choosing which information others can see (eg: address, phone). Please make sure your information is correct. We will use this information in the printed directory, due out in October.

Questions? JLSDirectory@gmail.com

The directory information is replaced each year, so any modifications you make on Konstella are not shared with PAUSD's database. To make permanent changes, please notify PAUSD at infinitecampus@pausd.org.

Information in the directory is available to families and staff of JLS Middle School and may only be used for school related activities. It may not be used for commercial or marketing purposes or otherwise distributed/shared.
