The JLS Science Fair!

Mon, Mar 20, 7:00 PM , JLS Cafetorium

We are looking forward to a fun-filled evening of science, with students proudly showing off their work in an action-packed poster session.

Student Registration: All students should be registered to participate by Thu, Mar 16. If your student has been working on a project, please double check that (s)he has registered. Each student in a partnership should submit an individual registration. Please register [here](#).

Parent Volunteers: We could also use more parent volunteers, especially interviewers who are willing to listen to students sharing their projects and provide constructive positive feedback during a brief non-competitive, informal interview. You do not need to be a trained scientist or engineer to be an interviewer; anyone can take an interest in the hard work of our students! In addition, a couple more people to help with checking in projects in the morning before school would be helpful. Want to help? Sign up [here](#).

Parent Education Event!

Wed, Mar 22, 7:00 - 8:30 PM , Terman Middle school

Co-sponsored by JLS and Terman PTA

Our kids are "digital natives" - they have grown up in a world of online access and ever changing media devices. Do you wonder how to teach your child responsibility and ethics online, how to ensure they are aware of their actions, and how to best parent them in the digital age?

Come join **My Digital TAT2** for a highly engaging and informative discussion. This event is recommended for anyone interested in an overview of the digital landscape and learning about thoughtful ways to navigate media with your children. You will come away with strategies that support both you and your child. It is an event you will not want to miss! Presenters are from Digital TAT2, Gloria Moskowitz-Sweet LCSW, PPSC and Erica Pelavin LCSW, PhD.

For more information and to sign up for the event please follow this [link](#) .

National Nutrition Month Event, JLS BBQ Lunch!
