We are looking forward to a fun-filled evening of science, with students proudly showing off their work in an action-packed poster session.

Parent Volunteers: We could also use more parent volunteers, especially interviewers who are willing to listen to students sharing their projects and provide constructive positive feedback during a brief non-competitive, informal interview. You do not need to be a trained scientist or engineer to be an interviewer; anyone can take an interest in the hard work of our students! In addition, a couple more people to help with checking in projects in the morning before school would be helpful. Want to help? Sign up [here](#) .
