Bike and Traffic Safety- Roundabout on E Meadow Drive and Ross Road

The Neighborhood Traffic Safety and Bicycle Boulevard Project is preparing to install a new roundabout at E Meadow Drive and Ross Road beginning the week of December 18th. Minor work on the roundabout will begin on the 18th, while all major work will begin once the school's holiday break begins. The work hours of this project are Monday- Friday, 9:00am- 4:00pm. Barring any unforeseen circumstances, we intend to have most of the work on the roundabout completed when school begins again in January. It is really important that school staff, parents, and students review the educational materials on how to use the new infrastructure, which you can find here <http://www.cityofpaloalto.org/civicax/filebank/documents/55236>. Also, Stanford University recently installed a roundabout and put together a website that includes more information, which may be beneficial to review and can be found here <https://transportation-forms.stanford.edu/roundabout/>. During construction, access by all road users will be maintained to the extent possible. It is very important for everyone to be patient and extra careful in these construction zones and to obey flaggers when present. We thank you for your patience and we appreciate your cooperation

during the construction process. For any questions, comments, or concerns, please contact the Community Relations Manager for the project, Sarah Ratliff, at sarah.ratliff@gcinc.com or by calling (669) 225-1617. Additional information is available on the project website <http://www.cityofpaloalto.org/bikepedsafety>.
