July 6-31st: Online Schoology Course, for K-8

The course will be available to all students through Schoology on July 6th. An email communication with instructions will be sent out mid-June. Our summer school administrative team in collaboration with the Wellness and Support Department is working diligently to design a program, based on the PAUSD recommended Social Emotional Learning standards, to best serve our students under the current conditions. The course is to serve as an online resource for families to use as a set of recommended activities that can be self-paced or followed as daily activities. The kindergarten through eighth grade course will feature a weekly theme and standard, culturally rich read alouds from PAUSD librarians and guests, physical activities and web based academic enrichment resources.
