AAR gives high school students in grades 10-12 a capstone project opportunity to explore and conduct original research in a topic of their choosing in a supportive, personalized environment. We need continued support in recruiting a strong pipeline of volunteer mentors. Topics include STEAM, Humanities, Business, and Social Science. Would you be willing to devote a few hours per month mentoring one or two students? Your interactions with the students can be through multiple platforms including virtual meeting space, emails, etc. [For more info or to sign up, Click here](#). Or there are [other options for involvement, including guest speaker and industry expert advisor](#).

****NEW** Biking or Driving to School Again?**

Please see Palo Alto's [Walk and Roll Suggested Route Maps](#) for walking or biking to school safe routes. When driving, please share the road, providing 3 feet of passing distance to bicyclists. Park away from the school to avoid drop-off/pickup congestion and get a healthy walk in. For more educational resources, please click: [Safe Routes to School website](#). Current 3rd families, please consider registering for a one-hour [Third Grade Socially Distanced Bike Rodeo Summer Series](#) event. Rising 6th grade middle School families should consider signing up for [Wheelkids Middle School Bike Skills Classes](#).

Memorial for an Outstanding PTAC Volunteer

Our dear friend and colleague Gabrielle Conway passed away on March 31 after a long battle with cancer. Gabrielle contributed so much to our family of PTAs, and her loss is immeasurable. She served as a parent volunteer at Walter Hays, Jordan/Greene, Paly, and on the PTA Council as VP of Communications for many years. She was a recipient of a PTAC Honorary Service Award for her tireless work on revamping and streamlining the communications piece for all 17 PTAs. Gabrielle led many committees and training sessions, and offered support and advice to many other parent volunteers. She was a leader and team player, and professional and friendly every step of the way. She was a constant advocate for our students, and she will be genuinely missed. A memorial event (May 15 or May 16) is in the planning process, as is The Gabrielle Conway Memorial Scholarship. More details on these two components will be forthcoming.

****NEW** Green Tip! Foot and Pedal Power to the Rescue!**

Non-electric sport utility vehicles, pickup trucks, and minivans are the #1 producer of greenhouse gas emissions. Walking or biking to school, or for trips of 2 miles or less, supports others to do the same, and do it more safely. Other tips:
