*NEW** Learn about South Palo Alto Bike Path plans

The City of Palo Alto is undertaking an effort to improve bicycling along East Meadow Drive, Fabian Way, and the Waverley Bike Path in South Palo Alto. These corridors serve as key walk-and-roll routes for students traveling to multiple schools and connect the community to the new Highway 101 Pedestrian/Bike Bridge Project at Adobe Creek, as well as other Palo Alto communities.

Join us for a series of upcoming virtual events to share your input and learn more about potential bikeway enhancements under consideration. Learn more about the project and register at cityofpaloalto.org/Bikeways.

Engagement Summary – Tuesday, June 22 @ 6:30 PM

The City of Palo Alto would like your feedback on how to make walking and biking better along the Waverley Bike Path, East Meadow Drive, and Fabian Way.

Student safety is a goal of this project, so the City would like to design this with as much student involvement as possible. Take the survey here and share your experiences using these corridors.

Visit the project website at cityofpaloalto.org/bikeways for more information.
